

Reversed Box Rib™

Commercial and Industrial Roof & Wall Panel
26 & 29 gauge

Featuring

Zincalume® For Twice the Life!

Zincalume combines the strength of steel with the corrosion resistance of aluminum for twice the life of most zinc coatings.

Reversed Box Rib is a through-fastened metal panel with 36" net coverage and is ideal for industrial and pre-engineered roof and wall applications.

Lap Detail

Reversed Box Rib (Typical Roof and Wall Panel)

features | benefits

- Wider coverage means fewer panels to handle and install, saving time and money.
- Panel design provides superior load and span capacities which often allow savings in the structural support system.
- Quick, economical trim packages include standard trim pieces that can be ordered by number.
- High tensile steel panels in 26 gauge available with DuraTech®*nt* paint system or unpainted Zincalume® Plus.
- Exceptional value in high tensile steel 29 gauge panels coated with the ColorGuard™*xt* coating system. Choose from Surf White, Desert Beige, Lightstone or Zincalume® Plus for unpainted applications.
- Fiberglass panels available in matching profile
