

2 1/2" Corrugated

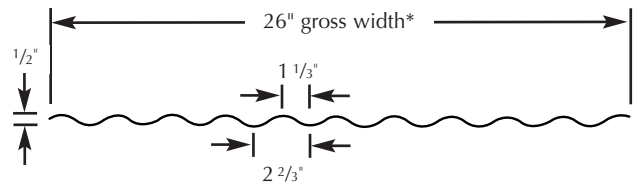

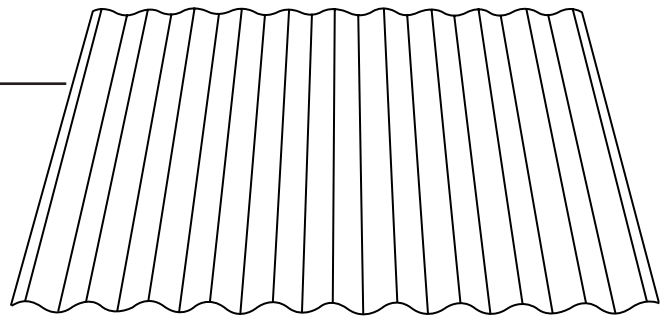

Featuring

Zincalume® For Twice the Life!

Zincalume® combines the strength of steel with the corrosion resistance of aluminum for twice the life of zinc coatings.

2 1/2" Corrugated is a light gauge, through fastener panel available with 26" gross coverage. This is the preferred product for agricultural roofs, walls and soffits. 2 1/2" Corrugated is also an economical residential roof panel.

- ❑ Quick, economical trim packages available as standard trim pieces and can be ordered by number.
- ❑ 26" gross width panel yields 24" net coverage for wall applications and 21 1/3" net coverage for roof applications
- ❑ Available in the DuraTech™ x/ paint system or the Zincalume® Plus finish for unpainted applications.
- ❑ Matching fiberglass skylight panels are available.

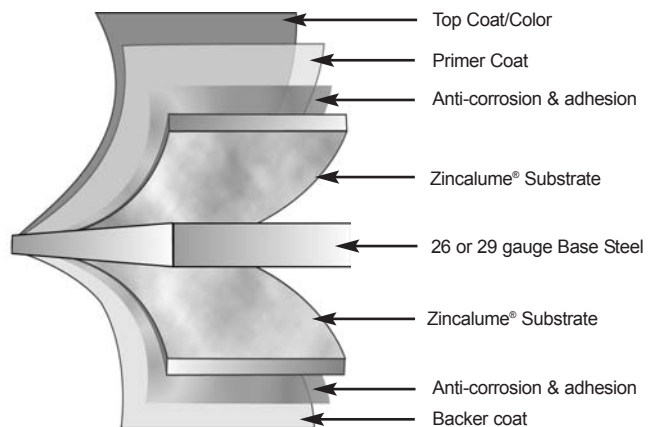

* 27 1/2" width available in 26 ga, Sacramento only

The DuraTech™ x/ and Zincalume® Coating System

ASC Building Products has enhanced the performance of 2 1/2" Corrugated with the DuraTech™ x/ coating system. You can depend on superior color retention with DuraTech™ x/. This coating technology integrating our proven Zincalume® coated steel is a system that promises a lifetime of durability.

The DuraTech™ x/ Coating System
