

# Nor-Clad® x/

Featuring

## Zincalume® For Twice the Life!

Zincalume® combines the strength of steel with the corrosion resistance of aluminum for twice the life of most zinc coatings.

**N**or-Clad® x/ is a light gauge, exposed fastener panel with 36" coverage used in residential and agricultural roof and wall applications.

- ❑ Full 36" coverage means fewer panels to handle and install, saving time and money.
- ❑ Weather-Resistant Lap System Anti-siphon groove provides better weather tightness than most other light gauge, exposed fastener panels.
- ❑ Purlin-Bearing Leg speeds installation of panels and improves the quality of panel side laps.
- ❑ Quick, economical trim packages include standard trim pieces, saving fabrication and installation time and money.
- ❑ Available in a wide variety of attractive colors in DuraTech™ x/ or Zincalume® Plus for unpainted applications.
- ❑ Manufactured with high tensile steel for excellent load capacity.
- ❑ Fiberglass skylight panels are available matching the Nor-Clad® profile.

## The DuraTech™ x/ and Zincalume® Coating System

ASC Building Products has enhanced the performance of Nor-Clad® x/ with the DuraTech™ x/ coating system. You can depend on superior color retention with DuraTech™ x/. This coating technology integrated with our proven

Zincalume® coated steel is a system that promises a lifetime of
